An ISO 9001:2015 Certified Company

3G DECORATIVE GROUP

Interior Designer & Design Consultant

Company Overview

The company was founded by a group of young talented design engineers having vast experience in interior and exterior design. All of them are from a well-known Interior Design & Execution company.

Over the years, the company has expanded slowly, with an accumulative number of clients coming from the appraisal for our credibility, speed, and quality of work.

We believe in achieving high quality, within budget and on schedule. Our principles are creativity and appropriate interior style to maximize customer satisfaction.

We have consideration for environmental conditions and consider advanced technology. We consider balance. With these goals and principles, our work achieves an excellent standard of design and brings satisfaction to all.

We believe our passion for constant challenge and perfection will lead us to be one of the best integrated interior design and architectural companies in India.

OUR SERVICES

Our objective is to achieve ultimate professional excellence in the field of Architecture/ Interior Design through creative and result orientated approach, hard work, self-motivation, determination and teamwork. The 3G Decorative Group has a proven track record of the following architectural skills:

- Strong in managing all technical aspects of a project, from clients brief to final hand over.
 - Ability to produce high standard drawings, design reviews and manage design as well as to mentor staff.
 - Liaise effectively with consultants, sub-contractors and suppliers to bring the project together on-time to the highest quality and on budget.
 - Good technical knowledge of FF&E items and manufacturing.
 - Detailed knowledge of suppliers, manufacturers and products available in the marketplace.
 - Ability to develop excellent interpersonal relationships with clients, design team, suppliers and manufacturers.
 - Successful in delivering, managing FF&E selections and procurement on time and within budget.
 - Computer literate in Windows® based CAD system MicroGDS, full Microsoft Office Suite, AutoCad and Revit.
-
